

VIM Maintenance Technician

WHO ARE WE

At Aptar, we use insights, design, engineering and science to create innovative packaging technologies that build brand value for our customers, and, in turn, make a meaningful difference in the lives, looks, health and homes of people around the world.

By continually bringing innovations to market every day that convert non-dispensing packaging into breakthrough product-dispensing systems, Aptar creates “a-ha moments” for its customers and their consumers and patients. These innovations give people better ways to put on their favorite fragrance, and kids the opportunity to pour ketchup without making a mess, and patients connected technologies that help them more easily adhere to treatment.

We have manufacturing facilities in North America, Europe, Asia and South America and over 13,000 dedicated employees in 18 different countries.

YOU SHOULD WORK HERE BECAUSE WE:

- Attract and develop high performing people.
- Promote a diverse and inclusive work environment.
- Encourage growth by allowing people to make mistakes through an open and trusting environment.
- Invest in the development of employees through local, regional and global career opportunities.
- Contribute to the communities where we reside.

WHAT'S NEW WITH APTAR

We have an exciting position open in North America: VIM Maintenance Technician, reporting to the Human Resource Manager. This position is based in Auburn, AL.

THIS IS HOW YOUR JOURNEY BEGINS

- Sets up VIM for each process set up change.
